

Vulnerability  
Identification Tool

## TRIAL POLICY

### VulnIT software solution

#### 1. GENERAL

The **VULNIT** team thank you for the interest you show regarding our software solution **VulnIT**.

We developed an innovative solution for assessing IT security and enabling companies to regularly test their IT environment.

This solution gathers a wide range of tools designed to automatically identify vulnerabilities.

The **VulnIT** solution is provided as a USB key (which only requires your computer to be able to boot on the USB key) or a virtual machine.

The reporting functionality allows the user to easily describe the security of his IT environment using didactic charts and understandable information. The remediation actions are prioritized in order to build an efficient action plan.

The technical report produced by the evaluation license is limited. A sample of full audit report is available on our website:

[http://www.vulnit.com/en/doc/VulnIT\\_report\\_sample.pdf](http://www.vulnit.com/en/doc/VulnIT_report_sample.pdf)

Our technical team will answer your questions and help you try our solution.

#### 2. TRIAL PROCEDURE

**VULNIT SAS** wishes you try your solution in the most adequate conditions in order to fully understand the solution and get the best of it.

To do so, we set up a procedure that you may follow:

##### 2.1. Register on our website

Our sales team provided you with a link to register your trial on our website (in the Resources section). After accepting this trial policy, we will send you our VulnIT product.

##### 2.2. Technical support

Before using our product, we ask you to contact our technical team ([support@vulnit.com](mailto:support@vulnit.com)) in order to book a phone support meeting.

This meeting will allow our technical team to support you through your first steps using VulnIT. You will be more efficient in your trial!

During this meeting, You will be able to tackle with all the necessary precautions regarding security testing.

##### 2.3. Trial period

The trial license begins at your first boot. It lasts 15 days.

#### 2.4. End of trial

During the trial period or at the end of it, you can ask **VULNT SAS** to activate your license in production mode by subscribing a license.

Otherwise, at the end of the trial period (as defined in 2.3), you promise to no longer use VulnIT's solution and, in case of VulnIT-KEY trial, return the USB key to us.

The technical and sales teams are at your disposal during during all the trial period of **VulnIT** solution.
